# Holiday Hampers

December 2<sup>nd</sup>, 2019

Dear HCHS Parents and Students,

This holiday season, Harry Collinge High School is once again collaborating with the Yellowhead Emergency Shelter for Women to support families in need in our community. We are also very excited to add the One Blanket at a Time Shelter (through the Hinton Employment & Learning Place) to our list of partners! We will be putting together “Holiday Hampers” for families in the community using information provided to us by the Yellowhead Emergency Shelter for Women, and we are asking our students and their families to contribute to these hampers. This will be the sixth year of this program, and we are asking for your support to continue this initiative’s success.

Each grade level has a family, so please see the “Hamper Information” on the following pages to find the relevant information for your child’s hamper. There are guidelines for additional recommended donations beneath the “Hamper Information” if you would like some further suggestions. **Donations received in cash will be used to purchase additional hamper items and gift cards. We try to donate a grocery gift card for each family to help them pay for their holiday dinner, so cash and grocery gift card donations are always appreciated.**

We would like to thank you for helping us help others this holiday season,

The HCHS Holiday Hamper Student Volunteers and Staff

Hamper Information
